It gives me an immense pleasure to present, the placement brochure for the graduating batch of 2015-20 of B.A. LLB and B.B.A. LL.B. of DME Law School which is outstanding for their scholarly greatness and thoroughness in lawful clique. Out here, we are driven by the conviction that each student merits a top notch training as it is one of the most basic commitments every age level owes to the ones that pursue. Our understudies have gotten extensive training which they have reflected it in their temporary positions, classes and meetings. Further they have participated in esteemed moot courts and some of them have carried trees to the school. They have matured themselves for the business by interning in various regions and building up their range of abilities comprehensively including characteristics of genuineness, reliability and control, which are basics for lawful experts.

The understudies have been urgent in the association of different occasions, for example, Moot Court Competition, Parliamentary Debate and the Annual Fest. The understudies have been instrumental in the establishment and the development of social orders, such as the Legal Aid Cell, Placement Coordination Committee and some more. Our understudies have always performed very well in the associations they have been related to. I accept this open door to pass on my all the best to everyone and trust that they will hold solidly the notability of DME Law school. I stretch out a warm greeting to all the potential selection representatives to visit us, cooperate with our understudies and further reinforce our relationship. From the desk of the Director

Liberalization, Privatization & Globalization have resulted in a paradigm shift in the job markets. First, Jobs in the Government sector have shrunk and are being fast replaced by jobs in the Private sector. Second, India's Economy has progressed from "Manufacturing-Based" to "Service-Based" with close to 54% of the Indian GDP being contributed by the Services sector. Third, the job market is integrating itself with the global scenario in terms of competencies. Thus, the student needs to prepare according to this changed job scenario.

The present job scenario needs professionals with the right set of Knowledge, Skills & Attitude. Delhi Metropolitan Education (DME) provides education in the fields of Law, Journalism and Management through a model which inculcates the right set of Knowledge, Skills and Attitude so that placement is a natural outcome when the student completes the course.

I invite corporate for recruiting our students with a confidence that they will put in the best of their mind & energies to contribute to the wealth of the organizations for which they will work.

From the desk of Head of Academics

It gives me immense pleasure to announce that the 3rd batch of undergraduate students from Delhi Metropolitan Education, Noida is said to graduate in June 2020. At DME, we have always aimed for the highest standards of education and research which can effectively encompass the growth and development of students. Due to their readiness to work hard, ceaseless urge to learn and to amalgamate and accommodate themselves in any situation in India or abroad our students have been most sought after by the renowned law firms of the country. We have received effusive praise for the inimitable competence and ethics of the DME students as regard their attitude towards the Bar and judicial world in general.

The dedication and dexterity exhibited by our students reaffirms my conviction that the emphasis given by DME on all round development has aided the students greatly by moulding them into conscientious citizens, dedicated individuals and most importantly industrious workers.

I sincerely reckon that given an opportunity, the students of this batch shall prove to be an indispensable asset to any organization where they are absorbed and shall strive towards contributing positively and fruitfully to the growth of that establishment as well as of the legal industry at large.

My blessings and good wishes would always remain with the students for reaching the pinnacle of success and they will make their alma mater proud while carving the niche for themselves on way to their professional career.
