

ACTION TAKEN REPORT

2023-24

Action taken on Alumni Feedback

Suggestions made	Action taken
• College can take suggestion on topics before organizing guest lectures • College should have playground • Conduct more workshops regarding the industry opportunities • College should conduct more skill-based courses which has a demand in future. • College can align their teaching pedagogy with MBA like giving assignment more into groups rather than individual, 3-4 research paper so that students are prepared for higher education. • Classes for judiciary coaching. • Emphasis should be given on helping students in identifying their field of interest. • Need a change in syllabus.	• Suggestions are requested from students members in the committees/societies organising guest lectures. • Instead sports events have been organised in Noida stadium, Commonwealth stadium, etc. • Value added courses have been introduced for skill development of the students • Students are advised to write their Assignments in the form of a research paper. Student research conclave was organised to make students more research oriented. • Judicial training academy has been established in the college to help students aspiring for judicial services. • Career counselling is done through mentoring sessions.

Action taken on Student Feedback

Suggestions made	Action taken
• More diverse food options in the canteen. • More collaborations with foreign universities for better exposure. • Washrooms should be cleaned more frequently. • More sports events to be planned throughout the year.	• The canteen menu has been updated. • MoUs have been signed with Daffodil University, Dhaka, Pathumthani University, Thailand, etc. • The housekeeping staff is instructed to clean the washrooms every two hours. • Inter college and intra college sports fests are organised annually.

Action taken on faculty feedback

Suggestions made	Action taken
- Syllabus updation of certain courses is required. Suggestions to University should be given to upgrade the syllabus. - More faculty/staff washrooms should be made available. - More food options should be there in the canteen for students. - Access to more Databases for research. - Some time every week should be designated for discussing research ideas.	- VAC courses have been introduced to bridge the gap in the curriculum. - Canteen menu has been updated - Every Thursday is designated as research day. - Bi-annual meet is proposed for faculty members to discuss their research ideas.

Action taken on Employer feedback

Suggestions made	Action taken
- Candidates need more industry exposure in form of internships prior to placements. - Students to be groomed as per the requirement of the industry. - Curriculum needs to be updated and should have a more practical approach.	- Internship and placement drives are being organised by the placement office. - Workshops and lectures are being organised for covering practical aspects of the syllabus like patent filing, digital marketing, etc. - VAC courses have been introduced to bridge the gap in the curriculum.
